## Archipelago of La Maddalena

### Mini cruise of the seven islands

The Archipelago of La Maddalena is made up by seven beautiful islands: La Maddalena, Caprera and Santo Stefano in the south-east, Spargi, Budelli, Razzoli and Santa Maria in the north-west. Beyond the archipelago it opens the channel called "Bocche di Bonifacio" which became a marine park since 1997. The archipelago is shaped by jagged coasts, turquoise waters, cliffs and sea caves and all the islands that crowd the Strait of Bonifacio.
