Villasimius Beaches tour

White and fine sand, crystal sea and unspoiled nature. The south of the island still remains one of the wildest areas of Sardinia and Villasimius with its beautiful beaches and protected marine park is one of the most unspoiled and fascinating areas. We will visit 3 different beaches for about 1 hour and 30 minutes where you can swim and sunbathe independently. All the beaches provide restaurant, bar and toilet.

Beaches:

- ▶ Porto sa Ruxi
- ▶ Porto Giunco and Timiama
- ▶ Campus
